COTTON-TIE.

THE

First Premium Awarded by the Toxas State Fair, the Celebrated "Arrow-Tie" be--ing one of its Competitors.

In loffering to planters the GRIP-TIE, the following advantages are claimed for it: Simplicity of application, greater strength, both of the Tie and of the Band, close adjustment and freedom from slip, which prevent any expansion of the bale, and the impossibility of removing the Band without cutting it. The award of the HIGHEST PREMIUM by the Texas State Fair to the GRIP-TIE over the Arrow and all other competitors, is simply an indorsement of the opinion expressed by all planters who have used it, as can be shown by letters and certificates in our possession. in our possession.

Arrangements have been made for the manufacture of Bands of superior quality and in sufficient quantity to supply any demand, and for the present the price will be \$2.50 per bundle, of thirty Bands each.

The recent reduction in the price of ties was probably due to the competition of the GRIP-TIE, and as we offer a superior article at the same price, we trust dealers and consumers will recognize our claim to a fair share of patronage.

I take great pleasure in recommending to the attention of my friends and the public generally, the claims of the Mountain Spring High School, near Trinity, on the Memphis and Charleston Railroad. The salubrity of the climate, the seclusion of the locality, the conduct of the domestic department, and the qualifications of the teachers, place the school in the first rank of educational institutions. The departments of Chemistry and Natural History, and of Physics and Astronomy, are provided with a good supply of apparatus for experiment and illustration. The University, Law and Society Libraries, contain several thousand volumes, and will be increased. The course of instruction is thorough, and the Faculty is composed of able, experienced, christian men.

The University occupies a beautiful site, near the village of Oxford, in the midst of an exceptionally healthy section of country; and is, in a measure, free from those seductive influences by which so many young men are led astray in our citles and large towns.

The Law Department has been reorganized, and will be open for the reception of students at the beginning of the next session.

For healthfulness and beauty of location, the facilities it affords for the acquisition of a thorough education, the moral and christian influences thrown around young men, and for CHEAPNESS, this institution is not surpassed by any of like grade in the United States.
